West Kirby Primary School		The Natural World	RE Summer 2 A UKS2
Vocabulary		Place of Worship	Key Beliefs
Creation	The act of making or bringing something into existence.	No particular place. Humanism can be worshiped anywhere.	• Humanists believe the earth was created through the Big Bang Theory. They also believe in evolution and natural selection which were first theorise by Charles Darwin. They believe humans should take care of the environment. • According to Christianity, God created the world and everything in it. The Bible teaches Christians that they were created in God's image. God has given them dominion (control) over the Earth and all its creatures and resources. However, humans are caretakers or stewards of God's creation which means they are looking after the Earth on His behalf. • Muslims believe that Allah, created the Earth and everything in it. In Islam, the first human being, the Prophet Adam was given the role of Khalifah (someone who takes care of the world). All Muslims are inspired by the Prophet Adam and have a duty to live peacefully alongside nature. • In Judaism, it is believed the Earth is G-d's creation but humans have dominion over it. The Jewish people have two teachings that guide their understanding of how they should treat G-d's creation. Firstly, unnecessary or needless destruction of G-d's creation is forbidden in Judaism. Secondly they have a duty to repair the Earth.
Pollution	Anything that makes the environment (air, water or land) dirty or unhealthy.		
Genesis	The beginning or origin of something. The name of the first book in the Old Testament.	Religious Text	
Psalms	A religious song or poem, often used in worship.	No religious text. Humanism is a way of thinking and living, rather than a religion. This is called a philosophy.	
Big Bang Theory	The main theory that explains hoe everything in the universe was made.		
Responsibility	To do the things you are supposed to do and accept the results of your actions.		
Community	A group of people living in the same place or having something in common.		
		Religious symbol	Key Questions
Conservation	Protecting the environment and the things that live in it for future generations.	 The Happy Human	What does the book of Genesis say about the creation of the world? Where did the Earth come from? How can we care for our world?
Sustainability	Using resources in a way that can continue forever without harming the environment.
