

Learning Enquires

We will learn how to locate different cities in the UK using mapwork skills.

We will recap our understanding of what the 8 cardinal directions are: North, South, East, West, North East, North West, South East, South West.

We will recognise that there are different types of maps we can use to learn about the world around us. Examples of these are political maps, relief maps and topography maps and will use these to discuss the topography of the UK.

We will recognise that we live in one of England's 48 counties (as recognised from 2020), and we will be able to discuss features of our county.

We will be able to investigate and discuss similarities and differences between a location in the UK, and others in different parts of the world.

Map of the UK
