Accessibility Action Plan

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in relation to Disability, of the Equality Act 2010. West Kirby Primary School are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”.

According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

At West Kirby Primary School, we ensure we follow the Equality Act 2010 and ensure protection against discrimination, harassment and victimization (direct or indirect) for everyone under the nine characteristics: age, disability, gender reassignment, race, religion or belief, sex, sexual orientation, marriage and civil partnership, and pregnancy and maternity. This includes Gender Reassignment (also known as Transgender).

The Accessibility Plan will be published on the school website.

Definition of special educational needs

In this policy, ‘special educational needs’ refers to a learning difficulty that requires special educational provision. The SEND Code of Practice 0 to 25 Years (DfE, 2014) says children have a learning difficulty or disability if they:

- have significantly greater difficulty in learning than the majority of children of the same age; or
- have a disability which prevents or hinders them from making use of facilities of a kind generally provided for children of the same age in mainstream schools or post-16 institutions; and

- are under compulsory school age and are likely to fall within either of the definitions above when they reach compulsory school age or would do so if special educational provision was not made for them.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Our Special Educational Needs Policy and Information Report outlines the school's provision for supporting pupils with special educational needs and disabilities (SEND).

This accessibility plan provides an outline of how the school will manage this part of the SEND provision.
