## Vocabulary

**Structure** – an object constructed from different parts.

**Template** – a pattern used for a process such as cutting out.

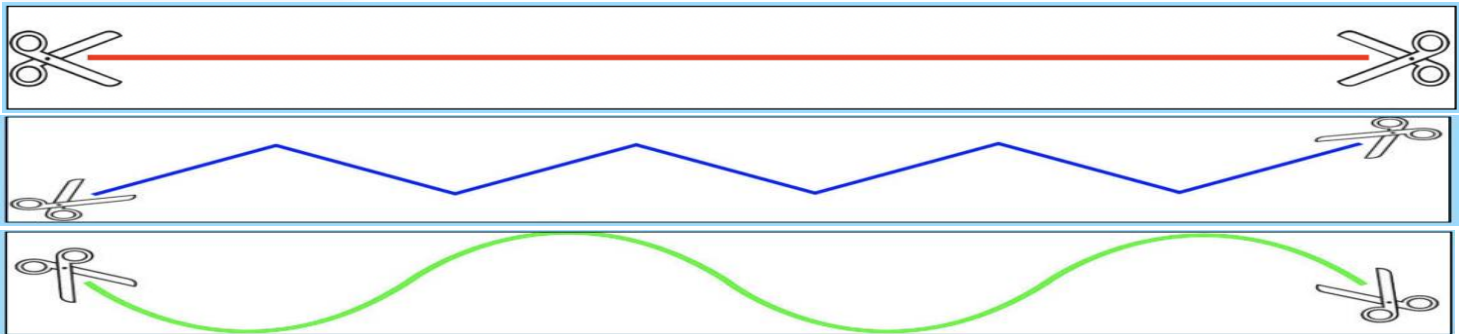

**Cotton reel** – a cylinder shape which allows structures to move.

**Secure** – to fix or attach something firmly.

**Illusion** – when one of the senses is tricked into something.

**Thaumatrope** – translates as ‘wonder turner’ – an optical illusion made from paper and elastic bands.

## Cutting Patterns

## Paper Toys

## Thaumatrope – wonder turner
